Areas	Areas Restored	Percentage Restored	Areas Remaining	Timeline for Full Restoration
Taveuni	Not Affected		0%	Not Required

THE ABOVE TIMELINES ARE TENTATIVE AND SUBJECT TO CHANGE DUE TO WEATHER CONDITION, ACCESS TO SITE AND EXTENT OF DAMAGES TO THE NETWORK.

EFL wishes to remind the public to treat all broken or fallen power lines as live and to exercise appropriate precaution by staying away and keeping others away from all power lines.

In the event you notice a broken or low sagging power line, please immediately contact EFL on our emergency number 913.

Do not touch any EFL power line on the ground. It is advisable to stay away from EFL POWER LINES.

EFL sincerely apologizes to all our valued customers who are yet to receive power supply as restoration requires every metre of the power line to be physically inspected, repaired where required, before it can be energised.

Whilst this process is time consuming, it is none-the less critical to ensure the safety and security of power supply.

Hope the above is sufficient information for your purposes.

Hasmukh Patel
