Suva

Attention: Sosiveta Boila

Dear Sir

**Re: MoA Consent for EFL for the purpose of Corridor Access application to FRA - TLTB Ref: 4/03/40**  
**Gusulsavu, Naitasiri**

We refer to your application regarding the above mentioned, and with respect to the Ministry of Agriculture Land suitability assessment following are the recommendations:

- i) Existing soil types are acidic with pH ranging from 4.5 – 5.5, undulating flat land, with predominantly hill country soil types.
- ii) Land is currently idle is identified to be under shrubs and not in used
- iii) Surrounding area is currently used for farming purposes
- iv) Accessibility is fine with a well maintained farm road access
- v) Severe potential for erosion if forest cover is cleared
- vi) Land Class identified to be Class VIe which is suitable for marginal pastoral activities

Further to this please be advised that Ministry of Agriculture is providing its APPROVAL based on above recommendation.

Should you need any further clarification on the above or LUC, please do not hesitate to contact the undersigned directly.

Kind Regards

.....  
Mohammed Kadir Khan [Mr.]  
for Permanent Secretary of Agriculture
