1. SCOPE OF WORKS

This section covers the scope of work required for the removal, transportation and offloading of 33kV Transformer from EFL Deuba Substation to EFL Kinoya Depot.

1.1 GENERAL DESCRIPTION

The following forms the scope covered in this tender:

1. De-tank all oil from the transformer. Empty 200L drums will be provided by EFL. Contractor to pick up empty drums from Kinoya Depot. After de-tanking transformer, oil filled drums to be placed at allocated area at the Deuba Substation. 4400L of oil will have to be removed from the transformer.
2. Remove HV bushings from transformer. Reinstall bushing on transformer when it is off loaded at Kinoya depot.
3. Pick up transformer from pad and load on to appropriate low bed truck. Net weight of transformer with oil is 16100kg.
4. Transport transformer to Kinoya Depot.
5. Off load transformer at Kinoya Scrap Yard.
6. Crane and low bed truck to be supplied by contractor.
7. All tools and equipment to be provided by the contractor to carry out this works.

1.1.1 ELECTRICITY, WATER, GAS AND OTHER SERVICES

Electricity and water will be provided on site. Any other services is to be arranged by the contractor themselves.

1.1.2 SAFETY AND SITE SUPERVISION

Since the substation is live with 33,000 volts, a safety induction shall be carried out for all contractors' personnel. All works within the substation boundary shall be carried out under EFL staff supervision

2. TECHNICAL SPECIFICATIONS

- 1.1 The crane lifting capacity should be suitable to carry out the works.
- 1.2 There should be no spillage of oil when de-tanking. Any oil leaks must be rectified by the contractor.

3. INSPECTION

- 3.1 EFL's Engineer representative shall have the right to inspect the works and to confirm conformity to the contract specifications.
- 3.2 Should any inspected works fail to conform to the specifications, the Authority may reject them and the Contractor shall make all alterations necessary to meet the specification requirements.
- 3.3 Nothing in this clause shall in any way release the Contractor from any other obligations under this contract.

4. SITE CONDITIONS

- 4.1 The site is located at Deuba. The Contractor shall be deemed to have visited the site of the works to satisfy him/her as to the accuracy of all information supplied to the Tenderers and to the feasibility of the works.
- 4.2 The proposed location is in a Substation equipped with high voltage plants therefore all necessary Safety Gear must be worn by the Contractor's Staff at all times.
- 4.3 The Contractor may only enter the site upon provision of access by an Authorized EFL representative. The Contractor is not to execute any work without direct supervision from a EFL representative. The times for work will be during afterhours or during weekends.

5. SETTING OUT

- 5.1 All tenderers shall inspect and examine the site, its surroundings, and shall satisfy himself before submitting his tender, as to the form and nature of the site, the nature and type of existing work, the quantities and natures of the work and materials necessary for the completion of the Works and the means of access to the site, the accommodation he may require, the availability, conditions and rates of pay of labour and in general shall himself obtain all necessary information as to risks, contingencies and other circumstances which may influence or affect his tender.
- 5.2 The Contractor shall be responsible for the correct detailed setting out of the Works as indicated in the Tender Documents and shall, at his own cost, amend any errors during the progress of the Works arising from inaccurate setting out.
- 5.3 If a tenderer has any doubt as to the meaning of any portion of the Works, he shall when submitting his tender, include a statement of the interpretation upon which he replies and upon which his tender has been prepared and submitted.

6. MATERIALS, WORKMANSHIP AND PLANT

- 6.1 Materials in all trades shall be new and the best of their kinds specified and necessary complying with relevant standards (Fiji, Australia, New Zealand or USA) where applicable and subject to approval or rejection by the Engineer.
- 6.2 The Contractor shall at all times ensure that adequate protection is provided to finished work and materials to be used in the construction of the work. Where necessary, make good any damage to property.
- 6.3 The Contractor shall provide all workmen, both skilled and unskilled, plant, equipment and materials necessary for the expeditious completion of the work.

7. OCCUPATIONAL HEALTH AND SAFETY

- 7.1 The Contractor shall comply with the Health and Safety at Work Act, 1996 and regulations and Amendments thereto and the Energy Fiji Limited HSE Policy.

8. GENERAL FOREMAN

- 8.1 The Contractor shall appoint a competent General Foreman who shall be constantly on the works during the progress of the same, to whom instructions may be given by the Engineer.
- 8.2 The Engineer may require the Contractor to dismiss the General Foreman or other person shall he be incompetent or shall misconduct himself or for any other good reason to be assigned by the Engineer to the Contractor.

9. CLEANING UP

- 9.1 On completion, remove all surplus materials from site and leave site in a clean and tidy condition.
- 9.2 The Contractor shall remove and cart away all rubbish and trade debris as it accumulates during the progress of the works.

10. PROGRAM

10.1 Within seven (7) days of acceptance of his tender, the Contractor shall submit to the Authority, for approval a Program showing the order in which he proposes to carry out the works.

11. INSURANCE

The Contractor is to effect the following insurance policies:

11.1 Contractor’s All Risk Insurance - \$500,000

11.2 Public Liability Insurance - \$500,000

11.3 Workmen’s Compensation - \$250,000

12. PRICE AND PAYMENT

12.1 The Contract Price is to be on a Lump Sum basis. The tenderer is to submit a breakdown of the various components of the project.

12.2 The Contractor's request for payment shall be made to the Authority in writing, accompanied by invoice(s) describing, as appropriate, and services performed, together with other documents as may be required by the Authority. Payments shall be made promptly by the Authority, within thirty days of submission of an invoice/claim by the Contractor.

12.3 The Contractor is eligible for payment after completion of the Contract. No partial payments will be made.
