

ELIGIBILITY CRITERIA

The Fijian Government is continuing Private Sector Utility Assistance to spur construction and job creation by private sector investors. Under the initiative, government will subsidise utility-related development costs, namely EFL and WAF connections, for micro, small and medium enterprises.

A total budget of \$1.0 million has been allocated for this initiative for the 2021-2022 financial year.

PSUA will be made available based on the criteria stipulated below:

Enterprise Type	Eligibility
New or existing enterprises earning less than \$50,000 annually.	Government will subsidise 100% for EFL transformer cost (excluding internal wiring of premises and on-site property piping, regulatory fees, connection fees and consumer security deposit) and WAF connection (trenching cost).
New and existing small enterprises earning between \$50,000 and \$300,000 annually.	Government will subsidise 70% for EFL transformer cost (excluding internal wiring of premises and on-site property piping, regulatory fees, connection fees and consumer security deposit) and WAF connection (trenching cost).
New and existing medium enterprises earning between \$300,000 and \$1,250,000 annually.	Government will subsidise 50% for EFL transformer cost (excluding internal wiring of premises and on-site property piping, regulatory fees, connection fees and consumer security deposit) and WAF connection (trenching cost).

In relation to the above, an applicant may only apply for a single project.

ADMINISTRATIVE CHECKLIST
